

MUTUALS TO BE REGULATED.

A Stringent Law Aimed at Foreign Insurance Companies.

SOME BILLS WERE INTRODUCED

That Have General Interest Throughout the State—What the Law Makers Are Doing at the Capital City.

Columbus, Feb. 17.—Foreign mutual life insurance corporations doing business in Ohio are threatened with domestic competition.

The long standing monopoly held by outside institutions upon this class of insurance in Ohio was attacked today by the introduction of a bill in the house providing for the organization and regulation of mutual life insurance companies in this state.

Mr. Bell, of Licking, introduced the bill at the request of prominent insurance officials in Ohio. Among its important provisions is an insurance subscription of not less than \$500,000, the premiums of which shall be paid by not less than 200 subscribers. Companies are required to maintain solvency on the standard of the combined experience tables of mortality at 4 per cent. per annum, and must make a maximum deposit with the insurance commissioner of \$100,000 for the security of policy holders.

An important bill introduced by Mr. Bartow gives a lien for labor and material on personal and chattel goods. The bill provides that goods must be held for a period of fifty days, after which it shall be necessary to serve notice of sale by ten days' advertising in a newspaper or by posting. Surpluses after this sale of property appropriated to satisfy liens must be returned to the original owner.

The election of county infirmaries trustees is provided for in a bill by Mr. Partington of Shelby county. It is stated that whenever the board of county commissioners believe it to be the best interest of the community to supplant present infirmary director by trustees they may submit the question to popular opinion at any general election, or this may be done at the request of 300 taxpayers. The duties of the boards of trustees shall be similar to those at present performed by the infirmary directors.

Mr. Breck, of Cuyahoga, this morning introduced a bill to authorize the city of Cleveland to issue bonds to the extent of \$1,500,000 for the completion and improvement of the Cleveland water works system.

A bill by Mr. Middlewast provides for the election of township ditch supervisors, and one by Mr. LeFever makes a misdemeanor for horticulturists to sell pippin sprouts for gooseberry bushes. The bill makes it unlawful to deliver any variety of fruit tree, vine or shrub except such as are specifically named in the contract.

Mr. Arthur, of Union county, in the interest of Spanish-American veterans, introduced a bill providing that county auditors through the tax assessors shall make a return to the state auditor of all soldiers in the late war.

The chief feature of a bill by Mr. Price, of Athens, is the requirement that administrators shall collect assets of an estate within a year after the administration bond has been issued. In the event of a refusal on the part of the administrator to comply with the provisions of the act any creditor or legatee may bring suit in his own name.

Bills by Mr. Heywood, of Franklin, give half brothers and sisters equal share with full brothers in inheritance; appropriate \$25,000 for new law and physics building at the Ohio State University, and provide heavy penalties for messenger boys who betray information entrusted to them.

Mr. Tilden's bill providing a stenographer for the prosecuting attorney of Cuyahoga county was introduced today. A second bill by Mr. Tilden permits the county prosecutor, during hearings before the grand jury, to take a stenographer into the court room.

Mr. Allen, of Fulton county, introduced a bill raising the age of consent from 16 to 18 years.

Speaker Reynolds handed down the Cox ripper today, and this measure had its first reading in the house. No interest was aroused by this formality. Representative Hoffheimer, of Cincinnati, who apparently had not noticed the reading of the bill, asked Clerk McElroy, at the close of the session, if senate bill No. 67 had been handed down. McElroy said it had, but the Cincinnati bill to be sure that the clerk understood he meant the ripper, added: "That's the bill to cause trouble," a truthful, if joking remark.

Representative Laffin, of Cincinnati, the author of the bill to abolish contract convict labor, is considerably put out to find that existing long time penitentiary contracts would make it impossible to abolish contract labor for several years, even should his bill become a law. He expects to introduce a resolution to investigate these contracts to see if they were made merely to offset such a law as his bill would make, and to see if these contracts are reasonable. The present "pen" contracts for prison labor run from one to five years.

NEIGHBORHOOD NOTES.

The Cleveland attorney of the Alliance Gas and Electric company was in Alliance Thursday. It is understood that he was there conferring with the company and gathering information preparatory to the preparation of a proposition, to be submitted to the

council at an early date for the sale of the gas and electric plant to the city.

L. G. Blackburn, a special agent of the postoffice department at Washington, is investigating several complaints in regard to mail matters in Columbiana county.

Kate Thompson was on Thursday afternoon divorced from H. W. Thompson, of Salem. Alimony in the sum of \$200 was granted, together with a house and lot in Salem worth \$1,200 for life. They were married in 1879.

VERDICT FOR DEFENDANT.

Howells Mining Company Had Everything Its Own Way In the Verdict.

The jury in the case of John Robson vs. the Howells Mining Company went out about 2 o'clock Thursday afternoon after being harangued for several hours by the attorneys. The court had submitted several questions to be answered in addition to the verdict, and the request of the defendant, and took some time for the verdict to be arrived at. When it was reached the court had adjourned. The verdict was therefore not presented till Friday morning. The jury found for the defendant and answered all the questions in the way the defendant wanted them answered. Judge Thayer and McCaughey appeared for the Howells company and J. J. Clark for the losing side.

GOT A FINE WELL.

May be One of Many That Will Furnish the City by Gravity System.

Superintendent Ohliger of the water works department stated Friday afternoon that his workmen had completed the drilling of the well in the north end, recently begun. The well has been sunk about 225 feet and a nice flow of water has been obtained. This well is located with a group of others and the location has been decided upon by the water trustees as being an available one, so that if a sufficient supply of water is secured, it can be flowed into the city main on the gravity system without the expense of buying a new pump and pumping it into the main. The trustees are of the opinion that the location is one of the cleanest and most wholesome which has thus far been selected, and they suggest that sufficient water will probably be obtained to provide spring water instead of the water now supplied, which is only about half spring water.

The water works officials have submitted a bill to the city council for the same, in order that other wells may be sunk if the state board of health grants permission. Superintendent Ohliger made a test of the flow of the spring, Saturday, in order to learn the amount flowing forth in a specified time.

CAN'T DENY IT.

When the Facts Are Brought Home to Us, and by our Neighbors too—

They are Canton Facts.

A wholesome suspicion is one of our characteristics as a people. In matters worthy of investigation we want real tangible facts regarding it. The word of those we know, the nearby evidence obtainable are generally what we most desire. When we call on a neighbor, a man of business, at that, and say, "You have had some experience with so-and-so, what do you think of it?" and he answers, "Just the thing, I know because I have tried it." It goes long way in helping our decision. This is always the case with Doan's Kidney Pills. Everybody who has used them for any kidney complaint will tell you, "They are just the thing." Why? Because they do the work every time and in all disordered conditions of the kidneys. The proof lies with your neighbors. Many have been cured in Canton and are ready to tell you or anyone inquiring.

Mr. William Sickmiller, of No. 22 Old Row, foreman of the construction crew of the Ft. Wayne R. R., says: "For a few years I was troubled with kidney complaint, urinary weakness one time; a urinary difficulty the next; a good deal of backache, with now and then severe sharp pains in the kidneys especially if I did any lifting or stooping. I was in such a miserable condition that I would have been willing to give \$500 if I could get relief at once. I took medicine from physicians but might as well have taken that much water for all the good it did. Doan's Kidney Pills attracted my attention in the papers and I said to my wife 'I must do something for this complaint or I will be down with it.' I procured a box at Durbin, Wright & Co.'s drug store. It was only a short time before I noticed an improvement. I took the pills about two weeks and was cured. I am confident Doan's Kidney Pills are a good remedy and I recommend them as such."

For sale by all dealers. Price 50c. Mailed by Posters-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no substitute.

HYDROPHOBIA CAUSED DEATH.

Fairhope Man Succumbs After Suffering Terrible Agony.

HE WAS BITTEN BY A DOG

Some Time Since, and Had the Wound Cauterized, But to No Avail—Not Known Where the Dog Was Owned.

Special to News-Democrat.

Fairhope, Feb. 16.—William McGuire died on Thursday from hydrophobia, caused by being bitten by a mad dog nine weeks ago. Mr. McGuire was staying at the home of Albert Marks, when one evening hearing a noise on the outside he opened the door and stepped out when the dog caught him by the hand and gave him a terrible bite, driving his teeth nearly through the thick flesh of his hand. He had the wound cauterized and in a very short time the hand was very nicely healed and gave him no more trouble until last Monday evening he complained of slight pain in his hand and arm, which became worse and on Wednesday night and Thursday morning he began to rave and became delirious and frothed at the mouth until death relieved him, about 11 a. m. He was aged 23 years and was a hard working young man. The funeral will be held on Sunday morning at 10 o'clock, at the Fairhope church.

Where the dog came from or who owned him still remains a mystery. Mr. Marks killed the brute as soon as Mr. McGuire was able to get his hand out of his mouth, which was only accomplished by choking the animal. It is claimed that the dog bit several other parties the same day. HUTT.
